GLOBO CHAIR

The ball frame "Globo Chair" is the ideal place to relax. Multiple layers of weatherproofed spruce wood guarantee maximum stability and safety. The "Globo Chair" is equipped with a big soft cushion (cushion cover washable) which makes it a real cosy place. With water-repellent filling. Including a coil spring.

The cushion covers in the colours anthracite and taupe are made from solution dyed acrylic material. They are as soft as cotton, and moreover have a special coating which provides protection against stains and mildew. Local soiling can be quickly and easily removed by light brushing or vacuuming. Oil-repellent – and heat and moisture will not give rise to condensation. Light fastness 7/8.

We recommend the use of our stand "Globo Stand" (not included).

AMAZONAS uses FSC™-certified wood from sustainable European state forests for the manufacture of their products.
